Summary

I am a data science enthusiast and a learner, pursuing my Bachelor's degree in Computer Science and Information Technology (BSc. CSIT) from Amrit Campus. I have acquired multiple Python and Data science certifications from IBM and Meta Brains, and I am eager to apply my skills and knowledge to real-world problems and create an impact.

As a Data Science and Business Analytics Intern at Oasis Foundation, I work on various tasks and projects involving data manipulation, visualization, and modeling, using tools such as Numpy, Pandas, and Scikit-learn. I am also actively involved in fostering entrepreneurship and innovation within the student community, as a Campus Executive at E-Cell, IIT Bombay, and as a Joint-Secretary at CSIT Association of Nepal. I collaborate with dynamic teams to organize inspiring events and provide platforms for aspiring entrepreneurs and CSIT enthusiasts to thrive. My goal is to contribute to the growth and development of the tech sector in Nepal and beyond.
